1982

A look at what will be happening around Australia on environmental, energy and food issues.

10

USA RULES. OK?

The United Nations Conference on New and Renewable Sources of Energy.

12

RAINFOREST

An extensive report on the world's rainforests and a close look at the situation in Cape York, Australia.

14

FOR WHOM DO BOOMS TOLL?

Socialists consider responses to projects which are bringing fundamental changes in the structure of the Australian economy.

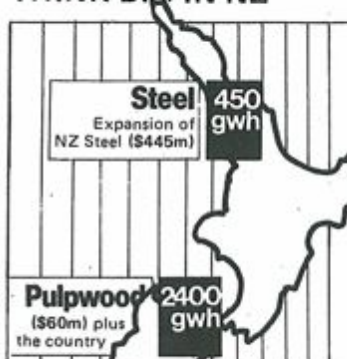

19

EAST GIPPSLAND: FORESTS OR WOODCHIPS

A Chain Reaction supplement.

Supplement

THINK BIG IN NZ

The resources boom takes off in New Zealand.

21

PLASTIC CONTAINED

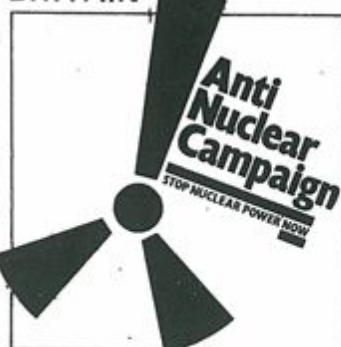

Success
 Tough for Coca-Cola and the packaging companies. Juice next?
